Introduction

What is the state bird? How many farms are in Wisconsin? Where is the state's largest lake? The answers to these and many other questions can be found in the *2009-2010 Wisconsin Blue Book*, the almanac of facts about Wisconsin. This workbook is a study companion to the current *Blue Book*, designed to help elementary students understand how to use this important resource and get to know their state government. We hope that it will help them grow as informed citizens of Wisconsin.

September 2009

The *Wisconsin Blue Book* is the biennial manual of state government compiled by the Wisconsin Legislative Reference Bureau (LRB). Section 13.92 (1) (a), Wisconsin Statutes, requires the LRB to provide assistance to "students of government." Section 118.01 (2) (c) requires school boards to design programs giving pupils instruction in citizenship. The *Blue Book* and this accompanying study guide were prepared in partial fulfillment of that mandate.
